

# First Aid Training for Dogs.

Brought to you by

**The Grand Valley Kennel Club, Inc.**

Dogs are more than pets—they're family. And just like any other members of the family, they deserve to be cared for and protected. The American Red Cross has developed a Dog First Aid course where you will learn everything an owner needs to know to keep their dogs healthy and safe. From basic pet owner responsibilities, like spaying, neutering and administering medications to managing breathing or cardiac emergencies, and preparing for disasters. This guide offers information and advice pet owners can trust.

Plus, you will be given the Dog First Aid guide that is an easy-to-use first aid reference that covers nearly 70 health topics. The accompanying DVD shows—step-by-step—how to manage a variety of urgent care situations, including car accidents; wounds; electrical shock; eye, foot, and ear injuries.
